
SURFACE MOUNT
GLASS RINSER

PERFECTION

Perfection Equipment, Inc.
Perfecta Stainless Division

Model PE-6.5GRDT-SS

6-1/2" X 6-1/2"

Stainless steel surface mount drip tray with 1/2"
drain to be plumbed by others.

Mounting Template available upon request.

Glass Rinser Inlet Installation:

- Always check local plumbing codes first.
- Install in—line water regulator set at 15 PSI from the street water supply (no greater, perfect operating pressure).
- Install in—line one way check valve from the street water supply (prevents pressure drop which can cause leaking).
- Install in—line shut-off for the rinsers system from the street water supply (this must be turned off nightly).
- Shared water source glass rinsers must provide adequate pressure and volume if they are operated at the same time.
